

Welcome to the online viewing rooms (OVR) of artist Katie McKinnon. Click on each artwork to access dimensions, pricing and framing information. Worldwide shipping is available.

The OVR are created using photographs of Katie's original artworks, dye sublimation prints on aluminium and rendered interiors. The artworks in the OVR are not all shown to scale.

Artworks from the OVR can be placed on your own walls and outdoor spaces electronically for an at-home virtual viewing. Please **send our team** photos of your space (from a front on viewpoint), width and height measurements of the wall, nominate your favourite artworks, and we will return to you in a day or two.

Private Commissions: Katie loves to work closely with clients and collectors to create bespoke artworks for their residential, commercial and public art projects. Our team is also pleased to offer art advisory, curation and interior styling services
